LEGEND SL

Horton Yukon SL

Horton's most economical high performance crossbow. Economical priced, but the Yukon SL delivers all the power and accuracy you can expect from a Horton crossbow.

19010 Horton Yukon SL

260 Fps. with LS 2 Lite arrows
 150# compound split limb
 Synthetic stock and barrel
 Rear peep and front sight included
 I.C.A.D. string and cable system
 Dial-A-Range trajectory compensator
 String length 33 3/4", Weight 2920 gram
 Length 32,4", Width 25"

Yukon SL™

Horton Targ-ette Short

This crossbow is specifically designed for people shooting at shorter distances and therefore requiring less speed. Because of the lower peak draw weight it is much easier to load, making it more suitable for intensive use and for people with lower physical capabilities.

19120 Horton Targ-ette Short

40# recurve split limb
 Synthetic stock and barrel
 Rear peep and front pin

Horton Steel Force

Most economical crossbow from Horton.
 Medium draw weight.

19130 Horton Steel Force

80# one piece limb
 Synthetic stock and barrel
 Includes:
 Red Dot sight,
 4 arrow detachable quiver and
 4 arrows with points
